

# BEACHSIDE DASH FOR **APSIG**

9 September 2018

Asia Pacific Special Interest Group

The Beachside Dash is a beautiful fun run along the Botany Bay foreshore at San Souci. Run or walk, 5 or 10 km, it's your choice!

Beachside Dash for APSIG 2017

We're raising money to support our fabulous volunteer Medical Physicists who are helping set up in cancer centres in Cambodia, Vietnam and other Asia-Pacific countries.

Last year APSIG fun runs raised **\$4650**. Let's try to beat that in 2018!

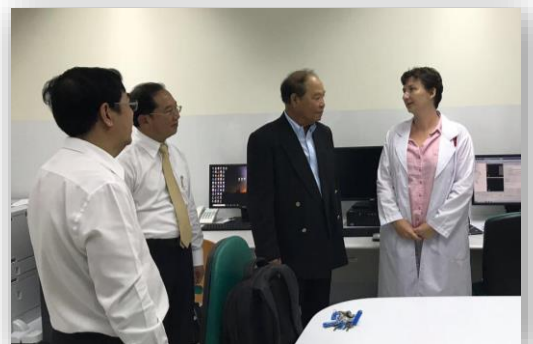

**PLEASE JOIN US!** Register on the day or on-line:

<http://www.stgeorgemrf.com.au/beachside-dash/>

**CAN'T MAKE IT ON THE DAY?** Please donate to us here:

<https://www.everydayhero.com/au/> and search for APSIG

**CAMBODIA:** Nikki Shelton is spending a year at the Calmette Cancer Centre in Phnom Penh helping the local physicist to commission a Truebeam linac, Eclipse treatment planning system and an HDR afterloader. Here she is in May 2018 meeting the Cambodian Minister for Health who is admiring the new facilities.

**VIETNAM:** Gary Arthur has spent more than a year over multiple visits training the Medical Physicists in Da Nang and Ho Chi Minh Hospitals.
